Keith Harris
Environmental Mold Services Inc
4230 Park Newport, Suite 309
Newport Beach, C 92660

Dear Keith:

Please accept this plaque, S520 Standards and sincere thanks from the IICRC for all of your contributions of time, energy, expertise and patience. We, the S520 Consensus Body worked to complete the very needed ANSI/IICRC S520 Standard and Reference Guide for Professional Mold Remediation!

As the Section/Chapter Chair and/or Vice-chair, you were asked to lead a group of MIPs through a consensus based process. The fact that ANSI has awarded its designation to the IICRC S520 which included your body of work speaks of your success to do your job in an open, transparent, balanced and consensus achieving way.

Again, please accept this plaque and the complimentary copies of the S520 Standard and Reference Guide as a sincere THANK YOU!!!

Yours truly,

Barry D. Costa
Standards Chair IICRC

Larry Cooper
Standards Consultant

Jim Pearson
S520 Chair

Cliff Grost
S520 Vice-chair
